

## BIG CHANGES COMING TO WADSWORTH BLVD. & ACCESS TO HOLY CROSS

Over the past several months, you may have noticed new paving on the west side of Wadsworth between 44<sup>th</sup> and 48<sup>th</sup> Avenues. This temporary asphalt pavement is in place to accommodate necessary shifts in traffic flow during the phased reconstruction of Wadsworth.

Starting the week of April 24, all Wadsworth traffic will shift to the west onto the temporary pavement while major construction activity is underway on the new northbound lanes. This northbound construction phase will take approximately one year.

With this shift of traffic, the southbound Wadsworth left turn at 45<sup>th</sup> Place (North side of Holy Cross) will permanently close and the southbound left turn at 45<sup>th</sup> Avenue (South side of Holy Cross) will close until all construction is completed in summer 2024.

For those using southbound Wadsworth, proceed past Holy Cross and turn left at 44<sup>th</sup> Avenue; then left at Vance Street; and then left at 45<sup>th</sup> Avenue to Holy Cross.
